BTV Counts!

TAKE THE 2020 CENSUS

Why take the Census?

It's SAFE!

The Census does NOT ask for citizenship status. Your answers are protected under the law and cannot be released to any law enforcement or government agencies. Your responses cannot be used against you in any way.

It Determines Funding for Essential Services!

Schools, public parks, roads, hospitals, emergency services, affordable housing and supportive family services are just a few of the things that get funded through the results of the census.

For translated guides in 59 non-English languages, use your camera to scan this code!
