NARRATIVE:

At approximately 1809 hours last evening both Burlington Police and Fire responded to the area of Texaco Beach near the bike path for a report of an unresponsive male. When emergency responders arrived they found a 32 year old male deceased inside of a tent.

At this time there no evidence of foul play, and no indication that the death is related to exposure. Due to the victim's age a thorough investigation continues. Investigators are awaiting the results from an autopsy to be performed by the Vermont Chief Medical Examiner's Office. Police do not expect the final results of the autopsy for several weeks, due to the need for toxicological testing.

At this time we are not yet able to release the name of the decedent as family has not been located.

Anyone with information about this incident should contact Detective Dan Gilligan at (802) 540-2141.
