Re: Boater Infrastructure Grant - Acceptance
Cc: Jen Francis, Parks Planner

Parks and Recreation has successfully applied for a \$100,000 grant from Vermont Fish and Wildlife to improve transient boater infrastructure in Burlington Harbor and at the Boathouse. This grant is a reimbursable with a \$33,000 local match. The local match was budgeted for in FY14 through the Penny for Parks budget in preparation for the possibility of winning the grant. All reimbursable expenditures will occur in FY14.

Parks and Recreation is requesting approval to accept this grant with no further local match obligation and to set up a reimbursable budget for \$100,000 in New World.
