Date of Quote: October 3, 2013 **Quote valid for 30 days from date**

Description of Services:

2000 Mbps of Dedicated Internet Access delivered to 250 Main Street or 266 Main Street, Burlington, VT.

Estimate Delivery Date of Services: currently, already connected

Charges:

██████ / month

Term (commencing on Delivery Date of Services): October 3, 2013, month to month

This contract will be reviewed quarterly, at least, through March 30, 2014 and may be upgraded as follows during this period:

- Up to an additional 10 Gig DIA may be ordered in 500 Mbps increments using the formula:
 - o VTEL's landed cost of internet ██████████
 - o Example: if the landed cost is currently ████████, BT can access an incremental ██████████ ██████████ Meg or \$██████
- Requires installation of 10 Gig interface

Other:

Burlington Telecom Enterprise Fund will be the source of funds from which is agreement will be paid and in no event shall any obligations under this agreement be borne by the City of Burlington taxpayers, the Burlington Electric Department's ratepayers or the State of Vermont.
