Comment/Question: Thank you for your decision to moe closely monitor and improve behaviors on the market place. I frquent that are and find some anti social behaviors appalling, even though considered to be very accepting and tolerant in my liberal nature. One particular young woman roams Church Street, clothed sparsely for winter, her pants deliberately below her buttocks and displaying her full underwear to make her "statement" ... she has friends who accompany her. I don't protest her shaved head, nor her multiple body piercings, but looking at her entire bottom hanging out on top her pants goes too far! Begging from shoppers also makes me uncomfortable, while empathetic for those so needy. I applaud your decision!
