Re: Petition of GP Burlington South, LLC, pursuant to 30 V.S.A. § 248, for a certificate of public good authorizing the installation and operation of a 1 MW solar electric generation facility on a portion of a 5 +/- acre tract of land located at 125 Lakeside Avenue in Burlington, Vermont.

Dear Mrs. Hudson:

This letter concerns the petition of GP Burlington South, filed on July 15, 2010, for a solar facility at 125 Lakeside Avenue in Burlington. Due to an administrative error, copies of the petition were not sent to the Burlington City Council, Burlington Planning Commission, and Chittenden County Regional Planning Commission. (Those entities did, however, receive copies of the 45-day notice package mailed on May 28, 2010.) Please accept this letter as notice that copies of the petition are being hand delivered to the aforementioned entities today, and attached is a corrected service list.

Also, the Grand List includes three entities related to the City of Burlington as adjoining landowners: the Burlington Community Development Co.; the City Treasurer; and the Dept. of Public Works. We have contacted the City Attorney to inquire about appropriate service to the City of Burlington, and will update the service list at a later date if necessary.

Please let me know if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to be "G. Hand", written over a horizontal line.

Geoffrey Hand, Esq.

Rebecca Boucher, Esq.
