- Does the working group model work? How do we know when work is done to inform a draft plan (e.g., recommendations and guidance from Housing and Social Isolation/Inclusion)? Can we start new working groups around additional topics to keep moving, perhaps starting with the areas covered by the UVM Student reports?
- What do we need to know (should we use some monthly meetings as group education time and if so what are our priorities to seek out expertise that will be of value?)
