The Burlington Fire Department will be conducting necessary training in the Leddy Park area off of North Avenue. These exercises will occur on:

Friday 9/27/19 8am - 12pm

They will be flowing a high volume of water for these exercises and residents in the surrounding areas may experience low pressure and/or discolored water during this time.

Although, the water is perfectly safe we recommend running the cold water for several minutes to help clear the discoloration before using it for drinking or laundry. If you experience any discolored clothing due to these training exercises, please contact us prior to drying the items and we can offer solutions for stain removal.
