Wednesday, March 23, 2016 at 5:30pm  
Public Works Meeting Room, 645 Pine Street

## 1. Agenda

### 2. planBTV: South End Plan

Planning staff will provide a presentation on the draft planBTV South End's organizational framework, with a focus on the various South End experiences described in the plan. The Committee will:

- Review the relationship of the plan's seven themes in shaping the experiences described in the plan
- Consider staff's proposal for a modified framework for the draft plan
- Revisions to the draft recommendation regarding land use policy changes within the EZ

The goal of this discussion will be for the Committee to provide feedback to staff on the modified framework and the revised recommendation for land use policy changes. In particular, the Committee should direct staff on the appropriateness of these recommendations or the need for additional changes. Based on this discussion, the Committee should also provide input on the number of additional meetings anticipated to provide feedback on the remaining elements of the plan.

### 3. Draft Plan Public Input Strategy

A draft Public Input Strategy for the release of the Planning Commission's revised draft of the plan is included. The Committee should briefly provide any initial thoughts on the strategy, in anticipation of a follow-up discussion at the end of the next meeting.
