Item 4.1 – Colchester Avenue 15-Minute Parking

Staff provided an overview of the recommended changes to the on-street parking regulations adjacent to Kampus Kitchen. Commissioners Archambeau, Barr, Overby, Hogan, Gillman asked questions about the proposal and explored alternative regulations. Caryn Long asked who monitors the 15 minutes parking. Councilor Bushor stated that people who returned to Colchester Avenue after the summer break found they no longer had parking available to them. This action has disrupted people’s lives and you added more parking for Kampus Kitchen and less parking for the residents or tenants.

The Commission asked when these changes, if approved, would go in effect. Director Spencer stated that there is approximately a 30-day notice period before signs go up. The Commission discussed what level of data collection should occur once changes are made to determine whether additional changes are warranted.

Commissioner Barr made a motion to accept staff’s proposal. Commissioner O’Neill-Vivanco requesting traffic study on the amount of use of the two spots on Sunday. Commissioner Hogan seconded.

Item 5– Ethan Allen Parkway Parking Regulations

DPW is proposing a northbound bike lane on Ethan Allen Parkway and a southbound-shared lane from North Avenue to Farrington Parkway. There would be parking restrictions between Farrington Parkway and North Ave for the bike lane (see handout for clarifying motion language). Commissioners Gillman, Overby, Barr and O’Neill-Vivanco asked questions with Director Spencer and Senior Transportation Planner Losch responding. Cindi Wight, who is a resident of 51 James Avenue, is a bike commuter and is in support of the bike lane. Keith Wight stated that Ethan Allen Parkway is an important connector to the bike path and is in support of this.

Commissioner Hogan made a motion to accept staff’s recommendation to prohibit parking on Ethan Allen Parkway between North Avenue to Farrington Parkway.
Commissioner Barr seconded
Unanimous approval

Item 6– Designation of City Managed Northern Waterfront Lot & Traffic Regulations

Director Spencer explained that there was ambiguity in regards to the Commission’s action in July due to multiple staff memos with different motion language. As a result, staff is requesting the Commission clarify its direction at this meeting.

Commissioners Archambeau, Overby, Gillman comment on this item with Director Spencer, Assistant City Attorney Haesler, and Associate Engineer Peterson responding. Commissioner Overby expressed concerns with the process, about how this public/private parking arrangement with Burlington Harbor Marina was structured, the terms of the agreement. Additionally, she expressed concern that approval of the proposed ordinance language was an endorsement of the arrangement with the Burlington Harbor Marina.

City Attorney Richard Hessler stated that the Northern Waterfront Lot was originally intended to be managed by Parks, but due to the reasons outlined in Director Spencer’s memo, it was decided later in the process to have DPW take over the management of the lot. He stated the approval of the project’s Development Agreement included many public City Council meetings.

City Councilor Bushor stated it was in City Council a number of times regarding the marina and part of that was parking.

Michael Long thanks Director Spencer for explaining why DPW wants to manage. Before it was immaterial to him if it was managed by Parks or managed by Public Works. That said, he feels that parking on the waterfront should be public.

Parks Director Wight explained parking policy for their marina on the waterfront.

Caryn Long feels that this was a backwards deal and asked questions about the terms.

The Commission and staff discussed collaboration with Parks and how parking is, and could be, managed at other park and recreational areas.

Commissioner Overby moved to approve the proposal with the exception of revised language for Section 19 – keeping parking in the metered lots is one dollar per hour with a maximum daily rate of \$8.00 from May 1st through October 31st and forty cents an hour from November 1st through April 30th and strike the rest of the paragraph language.

11 Commissioner Communications

Commissioner Overby the pedestrian activated light that is at the end of bus terminal it’s a very long cycle. Stoplight at the top of Church Street hoping after bike lane on Pearl talked about a rapid flashing beacon. Director Spencer we have held on the implementation of that RRFB at the Church Street location given public input that we have received to date that has been significant in keeping the signal there.

Commissioner Barr in Ward 1 residential parking program in determining whether we look for residential parking only on Chase Street and potentially Barrett Street and Mill Street to help take on those spaces from Colchester Avenue that were removed. Does RPP allow for residential own parking or is it does it just talk about streets? Director Spencer the RPP plan for new RPP Requests to explore zones. Does allow staff to recommend street-by-street approach or zone approach. If approached for zone approach staff is welcome for that. We will evaluate as well to provide some kind of short-term parking on the streets and that is likely something that we will also be bringing forward.

Commissioner Hogan asked about project updates and ways to expedite project delivery. The conversation about the Locust Street desired crosswalk there is obviously a desire there but in terms of solutions and a path, forward there must be opportunities with temporary materials to make a difference in the calming and the human experience on that street.

Commissioner Archambeau – construction St. Paul and Maple. Did not know what great streets involved. Intersection not done yet and people are passing judgment as if it is. Is it because they have been allowed to use that intersection? Maybe keep public away from intersections that are not yet complete.

Chair Archambeau Locust Street talked about earlier tonight. Crosswalk been removed. No it's not going to happen there a block east /what will it take to have that intersection. Director Spencer explained that we are evaluating feasibility and will have a neighborhood meeting by the end of the year. We can always work on how we communicate with the public and how we are prioritizing projects. Installed at least ten new crosswalks in Burlington this year.

Chair Archambeau asked whether the loading zone in front of Memorial Auditorium could be removed and turn into parking spaces is that a feasible option? Director Spencer said it was being evaluated and he'd check on the status of that and get back to you.

Chair Archambeau inquired about sign posts on Ward Street.
