RE: Old North End Farmer's Market at Dewey Park

Request for a special use permit for the Old North End Farmer's Market at Dewey Park for a commercial use of the park for the 2021 season.

The ONE Market has been operating seasonally at Dewey Park since 1992. The ONE provides a service for the sale of farm produce and food goods. This is a neighborhood market, that serves a diverse community and the localized economy. Approximately $\frac{1}{3}$ of the total sales at this market is through EBT, ThreeSquares and other subsidized resources

There are no conflicting events.

Staff Recommendations:
Approve special event permit
