This is a comment for the 4/19 Development Review Board meeting concerning 75 Grant Street parking.

I am a neighbor on Grant Street and for at least the past 5 years, I've noticed cars parking on the grass on the side of the house at 75 Grant. It doesn't look like it really is a part of the driveway or a proper place to park, since they have never done anything to maintain it. It looks bad and make the area full of mud.

The area should either be maintained as lawn or maintained as parking. Currently it is not being maintained at all.

thanks  
Tim
