Burlington NPA Request

Burlington Joint Committee Initiative Engagement Process Community Listening Session

The Public Safety Committee and Police Commission's Joint Committee has contracted with the consulting firm Talitha Consults as part of a citywide engagement process to solicit input on the needs, values, and vision of the community of Burlington. The engagement process is part of the Joint Committee's adopted initiative to begin an inquiry into the question of how to build a healthy and safe community and what institutions we need to reach that goal. Talitha Consults would like to provide community members an opportunity to learn more about the engagement process and how it moves forward the proposed initiative, share their thoughts and ask questions. The community's feedback will inform the design of an ongoing way to for Burlington community members to provide public input related to the operations of the police and to provide feedback on the proposed plan.
