Hi Richard,

Wanted to share my thoughts on the proposed hotel, if you can share tomorrow it would be appreciated.

Burlington is in the middle of a housing crises and yet this is the second boutique hotel in two years the city may be approving. We don't need any more service jobs that pay so poorly, in fact other hotels in the area already can't find enough workers as is. Our neighborhood needs affordable housing, not hotels built by national corporations that couldn't care less about our community.

Thanks,
Charles
