Additional information: Neighbor, Amy Pickering, provides childcare to various numbers of children (4-8+ kids) from toddlers to elementary aged children. Since August 2014, I reached out to try and work out solutions. These efforts have been met with dismissal, verbal attack, and most recently, dishonest statements. My ability to peaceably enjoy [illegible] has been highly compromised.

T.O: Complaint re 154 Park St
Excessive noise / Business of Childcare

Please find here a schedule
neighbor provided me last
Aug I Sept, when I first
contacted her to discuss
solutions. (in her writing)
She shrugged off my
concerns and ignored reques
to text me & she was
going to have lots of kids.
I texted her if I was away.
This May, I tried to
resolve this as well and
was met with insults
and cruel statements.
My latest efforts involved
getting the Police Dept
Mediator involved. The
neighbor is distorting
the situation and
being dishonest. I feel
I have no alternative
but to file this complaint

Recent activity consists of:

Early May - many toddlers (daytime) + balls in my yard. daily, during after school care of older youth. - I asked for them to pls. not let the kids keep running into my yard, nor their parents, and I would toss them back. This was met with a shrug - I didn't mind the balls but the invasion of my privacy

some dates times:

Mon 5/18 - Afterschool 6 kids 2:45-5:30ish. playing, yelling, screaming, I asked kids & to pls. keep it down, and I knew a couple of the kids. Went inside/shut windows

Tues 5/19 - Toddlers: mornings/afternoons ≈ 4 in + out, noisy, screen door slamming multiple times (+30

(3)

Wed 5/20 - Toddlers morning + afterschool kids ≈ 6+

Wed 5/27 - Toddlers mornings very noisy day asked if she could pls fix screen door, (I/a removed +50 & he replied she didn't know when she'd get to it. Not a priority.

Th 5/28 - Afterschool 6+ very noisy ball thrown against fence repeatedly (I/a inside, closed windows.)

Wed 6/3 - Parents in backyard picking up kids, afterschool care.

Thurs 6/4 - quiet a.m. ≈ 3 p.m - 6 kids walking to his house. A bit more manageable noise.

Last week: - Toddlers (4)

Thank you for your assistance in resolving this.
