[WARNING]: External Message

Hi Allison,
Nothing is changing in the floor plan. We are just moving our therapists and our equipment. We are occupying both floors 1 and 2. I tried calling you back but got no answer.

Thanks,
Mary

Subject: 80 Colchester Ave Change of Use Permit

Hi Mary,

Thanks for coming in today to drop off your permit for a change of use for PT 360. We still need a floor plan of the proposed space on the property. Below, you can find an image I grabbed from <https://property.burlingtonvt.gov/PropertyDetails.aspx?a=6369> the City's property database. You can use this image if you'd like, but we will need it marked up to show where the medical office use will be in the building (first floor only vs first floor and second floor, any other details you have about how PT 360 will be occupying the space).

If you send the floor plan back via email, I will be able to print it and attach it to your application!

Thanks,
Ali
