Dear Mr. Gustin,

Per our phone conversation earlier today I am writing you concerning development project ZP-23-9; 98 Sunset Cliff Road. This address abuts my back yard by a couple of hundred feet. As I stated, I have lived here - 67 Nottingham Lane - for 32 years. The ceaseless demolition of existing houses to construct even larger houses is a constant source of noise pollution of the worst kind. It goes on day after day all day for months in all seasons. As soon as one is completed, another begins. There is rarely any quite here. The F-35s are transitory. The knock-down/build-up never ending.

If you must approve this application, for the love of God, do NOT allow construction of a pickle ball court. Seriously? Would any of the board members tolerate ponk-ponk-ponk-ponk... in their backyard? I think not.

Please apply the provisions of City Noise Ordinance Section 5.5.1 to the extent that they will prohibit yet another assault on the right to peace and quiet in our neighborhood.

Thank you for your consideration.

Robert A. Fisher
