Subject: Fw: Dan's Court

Additional correspondence for 400 North St. Would you be able to post it for me? I can't from home. Thanks!

Thanks Ryan,

It seems unlikely that I will attend the zoom meeting regarding Will McKenna's application.

Here is my input concerning his plans for 400 North St.. It seems counter-intuitive to me for the city to approve a plan for which the access requires another private citizen's (currently not granted) permission.

I think Mr. McKenna's building project looks great, and I do not want this to be taken as disapproval. I would welcome his additional dwelling next door to my property. I feel it should be known, however, that I do not intend to allow motor vehicle access from Dan's Court, which belongs to me, strangely enough.

Sincerely,

--
