WINDOW NOTES:
1. All existing windows shall receive replacement
   windows that match the existing style, mullion
   pattern, and mullion for each location. The new
   windows shall meet the energy efficiency
   requirements adopted by the City of
   Burlington.

2. All new windows shall be compatible with the
   existing windows in style and mullion pattern
   and mullion.

3. Every bedroom shall be provided with an
   express window that meets the sill height,
   operable area and window height and height
   requirements adopted by the City of
   Burlington.

4. Two existing windows at Primary bedroom to be
   removed and infilled with siding to match
   existing. Siding overlaps to be staggered with
   painting.
