

Hello Scott,

I only provided verbal comments to a representative of the applicant when I met with her on site in late winter. I have reviewed the landscape plan for plantings along and behind the retaining wall at the rear of the property and I am satisfied that the applicant has incorporated my recommendations for bank stabilization with new vegetation in the plan and has limited encroachment on existing vegetation to the extent possible. Please let me know if you would like me to participate in the DRB meeting. V.J.
