Burlington VT 05401

Hello,

I received a letter alerting that I need a permit to Air B&B my home. This is my primary and only residence. I occasionally Air B&B my home for short term visits, most weekends in the Summer and Fall consisting of 3-5 day stays. On those occasions I stay with my boyfriend. I have a 2 bedroom, 1400 sqft house with a driveway that accommodates 3 cars. I was unaware that I needed a permit as I thought that was an active conversation in the city, and that if it is a primary home that I was ok. However, I am happy to get whatever permits are needed to comply with the city code.

I am enclosing a check as well as the floorplan of the house.

Thank you,
Jill Badolato
