Overview: The applicant has received approval from the DRB to raze all buildings on this corner site and develop a multi-story residential building (original request at Sketch Plan Review was for 64-66 units; now set at 57) with 61 parking spaces, 49 of those provided under the building and 12 more on a small surface lot. 25% of the units (14) are intended to be low to moderate income Senior Housing to qualify for the additional height bonus. Due to time requirements wait waiting for State permits (Waste Water, Act 250), the project is not likely to meet the commencement/completion dates provided for within the approval.

Recommendation: Consent approval, per the following findings and conditions:

I. Findings

Section 3.2.9 Zoning Permits

(f) Exceptions to Permit Time Limits:

Except for projects subject to additional state or federal permitting jurisdiction, or which have been appealed to Vermont Environmental Court pursuant to the requirements of Article 12, there shall be no exceptions to the time limits specified in Section 3.2.9 (D) and E unless longer or shorter time limits are specifically imposed as permit conditions of approval by the DRB at the time of approval.

For projects subject to additional state or federal permitting jurisdiction, the date of decision shall be deemed to be the latest date of decision of the state or federal permitting authority.

The applicant has submitted communication that they are waiting for review completion and approval from the State of Vermont for Wastewater Permitting and Act 250. Both meet the exceptions provided in the above standard. **Affirmative finding.**

II. Conditions of Approval

1. All conditions of ZP13-0650CA/MA not herein altered shall remain in effect.
2. Standard Permit Conditions 1-15.
