

Ward Population According to 2010 Census

4/1/2013

Ward (1993)	Number of Councilors	Ward Population (P0030001)	Ward Population Per Councilor	Deviation from Ideal Per Councilor	Percent Deviation from Target Per Councilor
1	2	7593	3797	767	25.3%
2	2	6106	3053	23	0.8%
3	2	6076	3038	8	0.3%
4	2	5081	2541	-489	-16.1%
5	2	5817	2909	-121	-4.0%
6	2	6343	3172	142	4.7%
7	2	5401	2701	-329	-10.9%
Total:		42417	Overall Deviation:		41.5%
Ideal Per Councilor:		3030			
The Percent Deviation from the Equality Target for a Ward should be no more than 10%.					
The Overall Deviation is the percentage point spread between the most and least populated wards. The courts use this measure to determine equal representation.					
Analysis takes into account error between Blocks 2007 and 3008 (UVM south of Main).
