## **Paving Notice – Beltline, North Ave, Manhattan**

The Department of Public Works (DPW) is sorry for the delay and inconvenience our residents experienced along North Ave this morning (Monday 5/2/16) as a result of the start of the paving work on the Beltline Ramps. It was necessary to close the ramps today to complete the work on the ramp; however future phases and closures will strive to avoid closing key ramps during prime commute hours.

The current schedule has the contractor finishing the on-ramps Tuesday morning and moving to the off-ramps later in the day on Tuesday and Wednesday. Please expect to see the off ramps from the Beltline to North Ave closed Tuesday and Wednesday this week and plan alternate routes and additional commute accordingly; including Plattsburg Ave as an access to the Beltline.

The contractor will move to work on the right hand northbound lane of North Ave on Thursday this week, and Manhattan Drive on Friday.

Other work will include adjusting catch basin structures on the Beltline starting next week (5/16/16). During this time there will be local closures of lanes/ramps, however traffic will be maintained with flaggers. Catch basin work will also occur on North Ave with localized closures of the right hand lane.

Paving is expected to start the week of May 16<sup>th</sup>, with North Ave and Manhattan Drive.

Paving on the Beltline is currently scheduled for the week of May 23<sup>rd</sup>. During this work the Contractor will be required to close the ramps, systematically, to all cars while the pavement is place, rolled, and cooled properly before traffic is allowed back on the new pavement. Notice will be provided again via message boards starting a week ahead of the road closures. Please pay attention to the signs and plan alternate routes accordingly.

### **STAY INFORMED**

If you would like to be kept up to date on changes, delays and other occurrences please Like us on Facebook! Or check out our Construction Updates page at:
