Notice of Non-Displacement & Temporary Relocation:

This is to inform you that, if assistance is provided to your landlord, and the unit or building in which you are living has lead paint hazard control work undertaken, you will not be permanently displaced. Because Federal assistance will be involved, you are protected from displacement by the Uniform Relocation Assistance and Real Property Acquisition Policies of 1970, as amended. However, if you do decide to move permanently for reasons of your own, you will not be eligible for relocation assistance. It is likely that you will need to be temporarily relocated from the unit while the lead paint hazard control work is being completed. Either someone from the Burlington Lead Program or your landlord will be in touch with you to discuss the need and timing of temporary relocation. In certain situations, if you have to be temporarily relocated, assistance may be provided to help cover additional reasonable living costs. If necessary, you will be provided with assistance in finding suitable temporary housing.

I certify under penalty of law that the information contained in this application is true, accurate and complete to the best of my knowledge. I understand that there are significant penalties for submitting false information, including the possibility of fines and imprisonment for knowing violations. I also authorize the Burlington Lead Program to verify the income figure I have provided such as obtaining a HUD 50058 from a Public Housing Authority; this may include providing additional information for verification purposes. I understand that all information collected will be kept strictly confidential.
