

Burlington Police Department

Drug Repository Service

I would like to turn in my old/leftover (but regulated) prescription drugs to be disposed of by the Burlington Police Department. How do I do that?

The Burlington Police Department offers a program for **City of Burlington Residents** to drop off old or leftover **Regulated** prescription drugs at the Burlington Police Department for proper disposal during specified hours: Monday through Friday, 8:00AM through 4:00PM. You may deposit them in the green receptacle secured to the wall in the Administrative Services entrance.

Please do not deposit liquids or inhalers into the receptacle.

Thank you.
