1. APPROVAL OF SCHOOL BUDGET FOR FISCAL YEAR 2024

“Shall the voters of the school district approve the school board to expend \$104,144,584 which is the amount the school board has determined to be necessary for the ensuing fiscal year? It is estimated that this proposed budget, if approved, will result in education spending of \$21,325.14 per equalized pupil. Spending at this level could produce a property tax rate increase of 4.03% (current estimate).”

YES
NO

2. IMPLEMENTATION OF A CARBON POLLUTION IMPACT FEE FOR NEW CONSTRUCTION AND LARGE EXISTING COMMERCIAL AND INDUSTRIAL BUILDINGS 50,000 SQUARE FEET OR LARGER

“Shall the City Council, in order to reduce greenhouse gas emissions in the City, be authorized starting January 1, 2024, to implement a carbon pollution impact fee in the permitting process, with the fee to be set by resolution starting at up to \$150 per ton and rising annually at the rate of regional inflation but capped at no more than a 5 percent annual increase, for:

- new construction buildings that install fossil fuel thermal energy systems instead of using renewable energy systems or renewable fuels, with the exception that the fee would not be implemented until January 1, 2026 for domestic water heating systems in new construction multi-family residential buildings with more than 4 units; and
- for existing commercial and industrial buildings 50,000 square feet or larger when the building is installing fossil fuel thermal energy space conditioning or domestic water heating systems instead of using renewable systems or renewable fuels?”

The fee proceeds could support one or more of the following: capital investments in converting the City's vehicle fleet to electric vehicles; a new City fund to support clean heating technology installations for low-income Burlington households and renters; and/or in the case of existing building payors, greenhouse gas emissions reductions projects at their building or facilities in Burlington.
