Otherwise, Noelle is "happy to update other major projects as well as CEDO's work with the schools and grant funding". Plus Q & A.

7.30: Update from Steerers as to what the hot buttons are at your NPA.

7.45: Phet will give an update on Budgets and other admin issues.

Summary:
Phet reminded steering committee members that the fiscal year ends in June, so receipts need to be in soon. Budget discussion led to members passing a motion to take a resolution request to every NPA:

"Motion that we ask the Mayor to increase the annual NPA budget to $2,000 per Ward."
Phet: (Hands out the NPA budget sheet)

Here is the balance of our budgets. Our fiscal year ends at June, so all receipts need to be in soon. There is a process: we need a vendor request form including having your fellow steering committee members sign off (checks & balances).

There’s an average of ~$1,000 that’s unused. Maybe we can ask NPAs that weren’t using it or see if we can do a scholarship fund; it’s not huge money. If it is a big project, you could also ask for more from City Council.

James: Where do NPAs have an opp to ask for more money? Now’s the time for that to happen.
Phet: A lot of the budget discussion starts in the fall when departments discuss what their needs are for next fiscal year. But if we start today, it’s in the records that will become public. CEDO manages the money, $400/Ward.

Charles: Can I make a motion that we pool funds at end-of-year for a scholarship?

Phet: You have to go back to your NPAs to do that.

Jim H: When we ask for money, the pushback is, “You don’t spend what you have,” and I say, “there isn’t enough to do with.” So I’d advocate for using the money.

James: This meeting is likely to be our only All Wards before the budget ends. I’ve seen City Council dispense money in a discretionary measure.

Linda: What’s a reasonable amount?

Jim H: I understand your point, and we DO need to force the funds. We keep revisiting it. The question is always, How are you going to show accountability?

Cindy: There’s stuff we can do re increasing meeting accessibility, food for people getting there right from work. I don’t think we need to come up with a budget; I suggest we pick a number, maybe $1,000/NPA.

Linda & James: I make a motion that we ask the Mayor of $1,000/Ward + $500 technology budget.

(After more discussion, the figure is increased to $2,000/Ward (a portion for IT, apportion for community engagement).

Phet: Take it back to your NPAs. It’ll be in the minutes.

8.00: Anything else? Do we want an NPA discussion with "State" candidates for the November election?
