

FLUSH WISELY!

We understand the use of sanitary & disinfecting wipes has increased, and would like to remind residents that only toilet paper should be flushed down the toilet. Even those wipes marketed as flushable do not completely dissolve in water and the fragments can get caught inside pipes or machinery. Let's work together to avoid costly repairs to your plumbing and the City's wastewater collection system.

BAN these items from your toilet:

- ALL wipes (including sanitary, makeup, baby, disinfecting, cleaning, etc.)
- Paper Towels
- Rags
- Diapers
- Sanitary products
- Clothing

Dispose of these items safely by using the garbage.
