This Grant Request \$ 138⁻

Neighborhood Planning Assembly Steering Committee Signature(s):

Charlie P. Giannoni [Signature]

City Department Signature(s)

Department: _____ Signature: _____

Department _____ Signature: _____

1. What is your project? What do you hope to accomplish? Please be specific:

The Rose St block association seeks to spend this money on a dumpster to-

- help low income neighbors create clean living environments by getting rid of items ^{when they} ~~lack~~ ~~have~~ ~~the~~ money for disposal
- Facilitate ~~a~~ positive neighbor relationships

2. What particular neighborhood need or problem will the project address? How was it identified? Is it part of or coordinated with a larger municipal plan? How will it benefit low-moderate income residents?

- many of our neighbors are low income and do not have the funds or the transportation to discard household items (furniture, etc.) ~~These items~~ As a result these items may build up, clutter and create an unhealthy living environment or items may be dumped in the neighborhood.

- Facilitating and building relationships between neighbors is important in creating a safe atmosphere for children and keeping neighbors informed ~~of~~ ~~on~~ community issues.

3. How will the project improve the neighborhood? Please be specific:

- Help low-income residents create healthier living environments

- Foster positive neighborhood relationships

4. Who will the project benefit? How will it specifically benefit people living in poverty?

Residents on our street, ~~and Cedar~~ We will also invite residents on Cedar St to participate.

5. Is there clear community support for the project? How has it been demonstrated?

Yes, I have spoken to neighbors informally and found a ~~lot~~ lot of support. Many neighbors were very appreciative last year!

6. How will the project leverage matching dollars, volunteer commitments or other community resources? What, specifically, are those commitments?

~~Non~~ Volunteer hours are spent organizing, communicating with neighbors, etc in order to make this project work.

7. Who will carry out the project? How will they be accountable to the neighborhood?

Charlie & Sara Giannoni are the primary organizers with help of neighbors as neighbors become available. Folks at 71 Rose St will organize the picnic and folks at 21 Rose will organize the street activities.

8. What is the timeline for completing the project (funding is available no earlier than 7/1/11 through 6/30/13)? What City departments will be involved in the project? Have those departments been consulted about the project?

July 2010

No city departments are involved except (BPD if we close the street)

9. How will the project will be sustained / maintained over the long term?

The project will be sustained as long as residents are actively in support of it. The hope is that people in the neighborhood will increasingly realize the advantages of a cleaner street + the value of people working together for mutual benefit.
